Dear Sir or Madam,

I am writing to you in support of the Ashton Keynes Neighbourhood Plan.

The plan has been voted on by the villages in very recent meetings and consultations.

News of the proposed development of the Mill Field behind Gosditch is a contradiction to the plan.

I am strictly opposed to this insane plan to build 60 new homes which is NOT in keeping with the plan on many levels.

I attach an in depth document to support my view.

Ample space for the required new homes needed is best at the Cotswold Community which has already been overwhelmingly voted on.

As a long term resident in the village I have seen many green field sites built on within the village boundary which in my view has killed the look of the village. We don't need any more.

Ashton Keynes is a village, not a small town!

Yours Sincerely
Ruth Britton
