Subject: RE: Pre-Submission Consultation Representation

I am leaving this comment on behalf of

Terence and Susan are OAPs and are unable to access / use the internet comment form on the Neighbourhood Plan website.

Their comments are as follows:

I agree with the neighbourhood plan as it is.

I object to the proposed development on Dairy Farm field for these reasons:

- ***It is a flood plain.***
- ***There are 3-4 footpaths that cross the field.***
- ***Once you start filling in Green fields, it will not stop.***
- ***The junction on the B4696 is a blind corner and any turning off of the road could be dangerous.***
- ***I much prefer the conversion of the Cotswold Community into housing, using a Brownfield site.***

Kind Regards,

***Terence & Susan Park
