Subject: RE: Pre-Submission Consultation Representation

I am leaving this comment on behalf of

Audrey Manors
5 Kent End, Ashton Keynes, Wiltshire, SN6 6PF.
Telephone No. 01285 861789

She is an elderly lady and is unable to access / use the internet comment form on the Neighbourhood Plan website.
She lives with her dog and cat.

Her comments are as follows:

I agree with the neighbourhood plan as it is.

I object to the proposed development on Dairy Farm field.

I used to be a teacher at Ashton Keynes school back in the 1950s.

It was a lovely school.

Lovely children.

Lots of open space. That's what children need!

The building of housing on Dairy Fields would be dreadful!

There are 5 footpaths that cross the site.

There are other places in the village where new buildings are better suited.

Once you build over a Greenfield, it is lost forever!

Kind Regards,
