Subject: Neighbourhood Plan

Dear Sir ,

I am deeply disturbed that some developer is trying to overrule the village plan . Several local people have spent many hours on producing this and suggesting the use of brownfield sites for future building . It is a well thought out plan , makes sense and retains the greenfield areas , lungs of the village and popular with children , dog walkers and Thames walkers alike.

Building on this site would create an URBAN sprawl and should NOT be allowed .

Yours faithfully ,

Elizabeth Hartland
