Subject: Neighbourhood Plan

Dear Sir,

We wish to register our objections to the recent attempt by developers to modify the Neighbourhood Plan with the objective of allowing the development of a large number of houses on what is known as the 'Mill Field' site, to the rear of Dairy Farm cottage. In addition to practical objections to this development, such as loss of green space and hazards created by an additional access to the B4696 on a blind corner, the proposal runs contrary to the conclusions of the Draft Plan which is the result of many hours of effort and discussion by members of the committees as well as extensive consultation with the community. The proposed changes undermines the work done by all those associated with the Draft Plan, purely to further the interests of a developer and a few local people and and we urge you to reject any last minute changes and submit the plan in its original form.

Yours sincerely

Ian and Linda Ager
